# Island Green Golf Club

## Let the Season Begin

Hello everyone! I hope all of you are doing well. Mother Nature has finally given us some decent golfing days as of late, it has been nice seeing all of you again. The weather should be getting better and better as the month goes by.

With the beginning of the season comes a new and innovative product line from various manufacturers. Island Green has selected an inventory that will improve your game and enhance your golfing experience.

Island Green will attempt to match any price from any local competitor. So please, call us or stop by for price matching. We will have some demo clubs for you to use on the course to try out before you buy.

The Callaway Diablo Edge series of clubs just arrived. We have a few drivers, fairway woods, and hybrids in this model. Ping G15 drivers, irons, and hybrids will be delivered in April. We also have Vokey wedges and multiple lines of FootJoy shoes.

Keep your eye on the closeout table as we will be closing out our items between now and the end of April. Please keep in mind, we can order product from all manufacturers to meet your golfing needs.

We also have some fantastic buys on older model clubs that are in new condition.

Mark your calendar for Saturday April 17<sup>th</sup> for the first member event of the year, the Member-Mixer.

Jacob

## Golf Course News

The golf course is in relatively great condition for the time of year. The grass should start turning green this month, with the exception of the fairways, which will be late May. By staying out of the fairways this past off-season, the Bermuda will hopefully grow-in faster and provide a better turf quality.

Please remember to replace your divots with sand from the carts and

repair your ball mark and one more on the greens. This will tremendously improve the quality and playability of the putting surfaces.

The upcoming spring weather will change the course conditions on a daily basis, so be sure to check with the pro-shop before playing for any golf cart restrictions. Until the fairways turn, we will continue to be rough-only

for the cart usage. Please keep the carts out of the fairway at all times. By doing this, we expect a much quicker and thicker grow-in when the weather permits. As always, please keep the carts on the paths around tees and, especially, the greens.

## Member Tournament Schedule 2009

Member Mixer	Sat. April 17th	9:00 Shotgun
