

Happy New Year

We hope all of you had a great 2010 and wish you the best in 2011. We are excited about the New Year and what it may bring.

Please visit the pro shop for some great deals on merchandise. There is plenty of exciting merchandise this year. Many manufacturers are introducing great products. Shoes, clubs, shirts, and

accessories will arrive in March and April. If you have any special requests, we have accounts with all major manufacturers as we can order any item at any time throughout the year.

Please be aware of frost as this will have an adverse affect to the golf course. In the event frost is present, the course is closed until it melts. This closure includes

the PUTTING and CHIPPING greens as well as the driving range. Any foot traffic will kill the grass for the entire golf season!

Please observe the daily cart restrictions as this will improve the playing conditions throughout the winter and spring. Please check with the pro shop before play.

Thanks,
Jacob

Course News

We would like to ask all of you to keep the golf cart traffic in the rough. This will promote a better hitting surface and a quicker-and-thicker grow-in this spring. You may cross the fairway by cutting straight across. This does not mean driving to your ball and parking in the fairway. This is only to go from one

side of the hole to the other. We also ask that everyone uses the cart path around greens. I think all of you can see the damage continued cart traffic does to the green surrounds. These little things will go a long way in terms of turf conditions. Please remember to fix ball marks on the

greens. There are many greens with large amounts of ball marks on them. The greens do not heal as quickly as they do in the summer so please do your part and fix your mark and one more. This will tremendously improve the condition of the greens.
